SUMMARY

Aspiring Full-Stack Developer with hands-on experience building scalable web applications through internships and real-world projects. Skilled in sustainable software, automation monitoring, and secure full-stack development, with a strong focus on efficient system design and continuous learning.

EXPERIENCE

Full Stack Development Intern– 1M1B Green Internship

21 August 2025 – 4 October 2025

- Developed and optimized sustainable web applications by integrating energy-efficient green cloud solutions and contributing to eco-friendly digital initiatives aligned with environmental sustainability goals.

Monitoring Automation Intern– Zoho

06 January 2026 – 11 February 2026

- Built a custom Site24x7 monitoring plugin using PowerShell to collect real-time system/process metrics, structure JSON data outputs, and optimize performance monitoring dashboards.

PROJECTS

• Bank Management

Developed a **full-stack web application** for managing customer accounts, transactions, and loan processing using Flask and MySQL. Implemented **loan and loan repayment modules**, enabling seamless management of lending operations. Designed secure **CRUD operations with authentication**, ensuring data integrity and access control. Enhanced system usability with a **browser-based dashboard** for admins and customers.

• Community Connect

Built a community collaboration platform allowing **organizations and individuals to post requirements, blood donation requests, and service activities with automatic expiry and prioritization**. Implemented secure **user authentication, role-based access, request–accept workflows, and SMS notifications** for real-time coordination. Designed a relational database and responsive UI with dynamic post feeds, profiles, and contribution tracking.

SKILLS

- Language:** Java, C++, JavaScript
- Tools & Frame works:** React.js, Express.js, Node.js, MySQL, Mongo DB
- Full stack development, Web development
- Soft Skills:** Leadership, Time Management
- Languages Known:** English, Tamil

EDUCATION

- B.E. Computer Science and Engineering
 - Easwari Engineering College, Chennai
 - Pass Out: 2027, CGPA 8.65
- Higher Secondary (HSC)
 - Tagore Matric Higher Secondary School
 - Pass out:2023, percentage: 94.6%

CERTIFICATIONS AND ACHIEVEMENTS

- Java SE 17 Developer – Oracle University
- 200+ LeetCode problems.
- Finalist: Dekathon 3.0, Nexathon'25
- Participated Hackathons: Techathon (IITM), Accenture, Flipkart (online hackathon), TVS credit, Smart India Hackathon
